ILF Thematic Roundtable on HIV Diagnostics

Addressing challenges of EID and POC diagnostics

The Royal Hotel, Prince Alfred Suites
267 Anton Lembede Street, Durban, South Africa

Tuesday, 19 July 2016, 18:00 – 21:00

- ★ Alere q HIV-1/2 Detect
- ★ Cepheid GeneXpert HIV-1 Qualitative

Roundtable discussion I:
EID evaluation

- How can we minimize the number of field evaluations required for the EID consortium and national regulatory approvals?
- What are the future needs of the consortium? What additional information or data are required prior to national scale-up?
- Do additional regulatory barriers exist?
- Transparent and efficient product and site selection
