

Sponsorship opportunities

Join us as an IAS 2025 corporate sponsor and show your commitment to advancing the global HIV response and ending AIDS by 2030.

By participating, you will have the opportunity to showcase your organization's HIV-related initiatives to a global audience of leading scientists, healthcare professionals, civil society representatives, and policy makers. Several sponsorship levels are available, with each tier offering unique opportunities to enhance your brand visibility and foster meaningful connections.

Partnering with IAS 2025 not only positions your brand as a leader in social impact, but also contributes to a future where HIV no longer presents a threat to public health and individual well-being.
