# Parent/guardian consent form for accompanying persons under the age of 18

Delegates must be at least 18 years old to attend IAS 2025, the [13th IAS Conference on HIV Science](#), on their own. To attend the conference in person, an individual under the age of 18 (as of 13 July 2025) must be registered as an accompanying person under the age of 18, and be accompanied by an adult registered for IAS 2025. The parent/guardian must complete and submit this consent form for each accompanying person under the age of 18.

Please read the form carefully, complete and sign it to indicate that you accept it and send it to the IAS 2025 Registration team by email at [registration@ias2025.org](mailto:registration@ias2025.org) before 13 July 2025.

## Conference overview

IAS 2025 will be held at the Kigali Convention Centre in Kigali, Rwanda, from 13 to 17 July 2025, with pre-conferences on 13 July.

The IAS Conference on HIV Science is the world's most influential meeting on HIV research and its applications. This biennial conference presents the critical advances in basic, clinical and operational HIV research that move science into policy and practice. Through its open and inclusive programme, the meeting sets the gold standard of HIV science, featuring highly diverse and cutting-edge research.

Abstracts focusing on five scientific tracks will be presented in sessions and displayed in the poster exhibition at the conference: Track A (basic science); Track B (clinical science); Track C (epidemiology and prevention science); Track D (social and behavioural sciences); and Track E (implementation science, economics, systems and synergies).

The exhibition area will include displays and information by pharmaceutical companies and commercial and non-commercial organizations, promoting their products and services.

The Positive Lounge offers a welcoming space for people living with HIV to connect, recharge and support one another.
